The UWV and Tasman Properties have reached an agreement on the lease of the entire building 'De Kroon' on Pastoor Peterstraat in Eindhoven for a rental period of 5 years. The total area is approximately 7,000 m². It is an extension of approximately 5,403 m² office space already leased by the UWV in 2008 and 2009, as well as the additional rent of about 1,600 m² on the last two available floors.

'De Kroon' will be completely renovated, with new equipment and a complete new installation package. The building is thus qualified for the Energy Performance Certificate label A.

The construction of the newly leased floors is carried out by Wijnen Bouw, under supervision of Facta Bouwmanagement. Tasman Properties was advised in the transaction by BNP Paribas Real Estate.
